

Support the Public Schools of the Palo Alto Unified School District

- 1) I/we believe excellent public schools are important for the next generation and for our entire community.
- 2) I/we believe that we must invest to maintain and improve the school buildings we have, replace buildings when it is more cost-effective to do so, and provide facilities to avoid overcrowding as enrollment increases.
- 3) I am/we are delighted that we can finance improvements to school facilities without increasing tax rates!
- 4) Therefore, I/we support Measure A, the PAUSD facilities bond measure, on the June 3, 2008 ballot.

We hope to announce publicly the names of 1,000 people who support the school bond measure and top quality PAUSD schools.

May we include you? Yes No

Your Name / Email Address

Mailing Address

Spouse's Name (if applicable and if he/she would like to join you in endorsing the school facilities bond measure)

On Tuesday, February 26, with a crowd of parents and school supporters in attendance, the PAUSD Board of Education voted unanimously to place the Measure A school facilities bond on the June ballot:

To provide safe and modern schools; accommodate enrollment growth; upgrade aging classrooms, libraries, computer and science labs; repair or replace roofs, plumbing, heating, ventilation and electrical systems; improve fire alarms and school security; meet current earthquake standards; provide current technology; and replace old portables with permanent classrooms, shall Palo Alto Unified School District issue \$378 million in bonds at legal interest rates, with mandatory audits, independent oversight and bond tax rates estimated not to exceed the current rate?
